Thinking back, what was the one single thing that made you decide to invest with GP?

I have been dealing with GPS since 2014 when a friend who had been using their service, recommended Charlotte to me. I have been very satisfied with the service provided by Charlotte whom I have found to be very professional and easy to interact with. Everything was explained upfront and the selection of investment properties made available fits well against the set of criteria I was looking for. The acquisition process has been smooth, and Charlotte is always readily available to explain and sort things out, as and when required. To date, my portfolio is doing well as it is geared towards providing a sustainable income for my retirement
